

Club No. 87340

ROTARY CLUB OF JALNA MIDTOWN

Year: 2025-2026

Ref No. : RCJM/25-26/LH/041

Date : 5th Jan 2026

To,
The Hon'ble Chief Minister,
Government of Maharashtra

Respected Sir,

We, the members of Rotary Club of Jalna Midtown, respectfully submit this representation in the interest of public welfare and sustainable urban development. As a responsible social organization, our club consistently works in coordination with civic authorities and stands committed to the overall well-being of Jalna city and its citizens.

We would like to draw your kind attention to the following important civic issue:

Drinking Water Pipeline Leakage:

Leakages in drinking water pipelines at several locations across the city are a matter of serious concern, as they may lead to contamination of potable water. Past incidents such as the **water contamination case reported in Indore**, which resulted in severe health consequences, underline the importance of timely preventive action. Immediate inspection, repair, and replacement of aging pipelines will help prevent any such unfortunate situation in Jalna.

This representation is being made proactively by the Rotary Club of Jalna Midtown with the sole objective of supporting the administration in addressing these civic challenges effectively.

We respectfully request your kind guidance and necessary directions to the concerned departments for appropriate and timely action.

Thanking you.

Yours sincerely,
Rotary Club of Jalna Midtown
